This diagram illustrates the final assembly step for a three-shelf unit. The main view shows the unit with two shelves and four legs. Various 'J' shaped connectors are labeled with numbers 1 through 14, indicating their placement on the shelves, sides, and legs. Two circular callouts provide detailed views of the installation process. The top callout shows a connector being pressed into a pre-drilled hole in a shelf, with a 90-degree angle indicated. The bottom callout shows a connector being inserted into a hole in the side panel, with a screw being used to secure it.
